**Clinical History- Medicare Accepted ICD-10 Codes- Select all that Apply
Additional Codes Exist Use " Other " when needed**

- F44.4 Conversion Disorder with motor symptom or deficit
- F44.6 Conversion disorder with sensory symptom or deficit
- G40.309 Generalized idiopathic epilepsy and epileptic syndromes, not tractable, without SE
- G40.311 Generalized idiopathic epilepsy and epileptic syndromes, intractable, with SE
- G40.301 Generalized idiopathic epilepsy and epileptic syndromes, not tractable, with SE
- G40.201 Localization-related (focal (partial) w/ complex partial seizures, not tractable, w/ SE
- G40.209 Localization-related (focal (partial) w/ complex partial seizures, not tractable, w/o SE
- G40.211 Localization-related (focal (partial) w/ complex partial seizures, intractable, w/ SE
- G40.219 Localization-related (focal (partial) w/ complex partial seizures, intractable, w/o SE
- G40.101 Localization-related (focal (partial) w/ simple partial seizures, not tractable, w/ SE
- G40.109 Localization-related (focal (partial) w/ simple partial seizures, not tractable, w/o SE
- G40.111 Localization-related (focal (partial) w/ simple partial seizures, intractable, w/ SE
- G40.119 Localization-related (focal (partial) w/ simple partial seizures, intractable, w/o SE
- G40.501 Epileptic seizures related to external causes, not tractable, w/ SE
- G40.509 Epileptic seizures related to external causes w/o, not tractable, w/o SE
- G40.802 Other epilepsy, not tractable, w/o SE
- G40.804 Other epilepsy, intractable, w/o SE
- G40.901 Epilepsy, unspecified, not tractable, w/ SE
- G40.909 Epilepsy, unspecified, not tractable, w/o SE
- G40.911 Epilepsy, unspecified, intractable, w/ SE
- G40.919 Epilepsy, unspecified, intractable, w/o SE
- R56.1 Post traumatic seizures
- G43.109 Migraine w/ aura, not tractable, w/o status migrainosus
- G43.119 Migraine w/ aura, intractable, w/o status migrainosus
- G43.101 Migraine w/ aura, not tractable, w/ status migrainosus
- G43.111 Migraine w/ aura, intractable w/ status migrainosus
- G43.009 Migraine w/o aura, not tractable, w/o status migrainosus
- G43.019 Migraine w/o aura, intractable, w/o status migrainosus
- G43.001 Migraine w/o aura, not tractable, w/ status migrainosus
- G43.011 Migraine w/o aura, intractable, w/ status migrainosus
- I67.848 Other cerebrovascular vasospasm and vasoconstriction
- G459 Transient cerebral ischemic attack, unspecified
- R40.4 Transient alteration of awareness
- G47.419 Narcolepsy w/o cataplexy
- G47.411 Narcolepsy w/ cataplexy
- G93.40 Encephalopathy, unspecified
- H53.9 Unspecified visual disturbance
- R55 Syncope and collapse
- R56.9 Unspecified convulsions
- R41.82 Altered mental status, unspecified
- R25.0 Abnormal head movements
- R25.1 Tremor, unspecified
- R25.9 Unspecified abnormal involuntary movements
